Global Festa will be held online on 9th 10th Oct. 2021

From 2014 to 2019, the ACN had been setting up a booth and opening a free climbing wall. Many people enjoyed climbing every year, but they can join it online this year.

Please find the details on the Global Festa website <https://gfjapan2021.jp/>

You can find the ACN here. There will be no free climbing as we are not allowed to contact the participants this year. We will not set up a booth at the Yurakuchou site.

The ACN belongs to the “Protect Peace and Human Lights” area on the “enjoy online page” Look for the logo below.

Check out the videos of the Angkor Cup, the Asia Youth Championship at Chengqing China, and the Asia Championship at Kurayoshi Japan in 2018, which were previously not available on the ACN website.

You can see what other groups participated, and find familiar names of organizations that were neighbors in Odaiba. See the leaflet next to the exhibitor group list.

Behind the leaflet, there are some events with fixed times, but since the ACN is participating in an online booth, you can see it at any time on Saturday and Sunday. Visit the Global Festa website on Oct. 9- 10.

ACN General Meeting

We held only the General Meeting without a barbeque party and fireworks this year. While the traffic was closed due to heavy rain on August 14, the board members managed to reach Karin in Hokuto-chity, the venue of the meeting. They provided an update on our activities and closed accounts and budgets for 2021. We also talked about how to facilitate the climbing wall in Siem Reap in the future.

“Cook and Eat Cambodian Food”, the Vol.1 event in Tama area supported by Shinnyo-en on October 24.

We reserved the kitchen and meeting room at Chofu City Hall, “Tazukuri”, from 13:00 to 21:00,

Social distance was kept by partition. The picture below shows the same event in 2015, when 20 people enjoyed cooking papaya salad and wax gourd soup. This year, we haven't yet decided the menu and the size of the event because we do not know how many people will be able to gather due to the state of emergency as coronavirus cases rise. We will inform you as soon as the details are decided. We appreciate your patience.

Mr. Wakae and his son, who was born in 2015 when his father was setting up the route for the Angkor Cup, visited the Dog wood Climbing Gym, which we reserved for the Vol 2 event on Sep. 19. I promised to contact him when practice will resume on the wall in Cambodia.

Editor’s note

At the Global Festa in Odaiba, t-shirts, Krama, Ganbaru Zo-san etc. were sold. The festival was canceled last year and held online this year, so there are still many items in stock.

T-shirts are available in dark blue, made in 2014, green in 2015, red in 2019, blue in 2017, orange in 2018, and white in 2019. There are a few of each, in different sizes. If you want to buy some, please contact us. We will bring them to you when we have an event or mail it to those who live far away.

T-shirts made in 2020 have the tournament name in Khmer for the first time but I couldn’t go to buy one. I wonder if there are any left? (Chimi)

The Last Competition on the present wall

In January 2010, Angkor Climbing Wall suddenly appeared in Siem Reap, the city of Angkor Wat. Now you can find it on Google Maps. The people in the community were very surprised that the first artificial wall in Cambodia was built, like this picture above, in just six days. The Angkor Cup is also in its 11th year. The children who grew up here became instructors at the climbing gym in the capital, participated in the Asia Championship as representatives of Cambodia, and they became members of the board of directors of the Cambodia Climbing Federation.

The land lease deadline for the climbing wall was reached this year, and the wall will be dismantled and relocated to two locations because we were not able to keep the site due to the rise in land prices

CCF Training workshop Two ACN graduates stood on the platform at their alma mater and gave a lecture as instructors

The pre-competition training session has become an annual event. It was held this year with two instructors who are the graduate of Pre Encosa Junior High School, the training session place, and used to be students of Semrom, the head of ACN Cambodia. Seyha taught about route-setting and Tevy taught first aid. Both of them are CCF board members. The trainees are mainly junior high school physical education teachers in the province. They have participated every year since 2018, and have become good demonstrators
